Integrita Systems Named One of the Top-Performing SMB Channel Partners in the U.S. by Ingram Micro

*World's Largest Technology Distributor Recognizes Integrita Systems to its Inaugural
Ingram Micro SMB 500 List*

LAS VEGAS, NV, Sept. 15, 2012 --- Integrita Systems today announced it has been named to the Ingram Micro SMB 500. Unveiled at the Ingram Micro 2012 "Turn the Tables" Fall SMB Invitational in Rancho Mirage, Calif., the inaugural list celebrates the top 500 fastest-growing Ingram Micro U.S. channel partners focused on small and midsize businesses (SMBs). Ranked at number 47, Integrita Systems grew its business with Ingram Micro by more than 260% percent growth between June 2009 and June 2012.

The 2012 Ingram Micro SMB 500 list was derived from the more than 20,000 U.S. solution providers and MSPs who work with Ingram Micro's U.S. SMB Business Unit. Those channel partners named to the list demonstrated a consistent, average three-year growth rate of more than 200 percent. The list also takes into account select criteria such as company size, overall technology category revenue growth and innovation with SMB business engagements.

"We are excited to be recognized for our efforts and ecstatic to be in such great company," says Dimitri Rodis, managing partner, Integrita Systems.

"Technology plays a critical role in the overall growth, operational scale and continued sustainability of SMBs across the U.S.," says Kirk Robinson, vice president and general manager, Commercial Markets Division, Ingram Micro U.S. "As one of this year's top-ranked SMB channel partners, Integrita Systems has demonstrated its business strength and sent a clear message that serving the technology business needs of SMBs is a top priority. We congratulate Integrita Systems on this accolade and look forward to enabling their continued success in 2012 and beyond."
